

Guide to submitting competition entries

To participate in the My Place Photography Competition you should register as a member.

This will mean you can log in to the MEMBER PAGE on our website, with the facility to upload entries directly to our website and online galleries.

This upload facility works best with an up-to-date internet browser, such as Google Chrome. Older browsers will not work as efficiently. Browsers older than Internet Explorer 9 may not work at all. To update your browser now to Google Chrome, please use this link [HERE](#)

Once your membership has been registered and approved you can begin to submit competition entries following the instructions below.

- 1) Select which competition you would like to enter (primary age or secondary age).
- 2) Each image uploaded has different boxes which must be filled out completely before submitting. These are the forename, surname, age of the student and image title. (Surname will not be published to the online gallery).
- 3) Once all image information has been added enter each individual photograph by pressing SUBMIT.
- 4) Once all images are uploaded a box will appear that reads: 'success! You have submitted (X amount of) photos'.
- 5) Once your images have been approved an email will be sent to advise you, and all submitted and approved photographs will be visible within the appropriate competition galleries.
